

**MACHINATIONS:
An Anthology of Ingenious Designs**

Spaceships. Magical devices. Flying Machines. Instruments to probe the afterlife. Technology friendly and otherwise...

Welcome to another anthology from the *Canberra Speculative Fiction Guild*. Twenty speculative stories -- Science Fiction, Horror, Fantasy, and nearly every conceivable mix -- with some film noir thrown in for good luck. Oh, and werewolves, of course.

Price: \$16.95
Available from:
CSFG Publishing

About CSFG's previous anthology, the critically acclaimed ***Nor of Human...***:

"...may I just publicly announce that it's a bloody excellent work. There wasn't a single story in it that I didn't enjoy..." *Chuck McKenzie (AustrAlien Absurdities)*

"The stories were of an incredibly high standard, and truly readable..." *Tehani Croft (Andromeda Spaceways)*

"This anthology puts Canberra SF on the map." *Jack Dann (Dreaming Down Under)*

"Editor Geoffrey Maloney, along with fourteen other fine writers (all unjustly unknown to us sheltered North Americans), delve with wit and vigor into the lives of strange beings" *Paul Di Fillippo (Asimov's Science Fiction Magazine)*
